A Character-net Based Chinese Text Segmentation Method

by L Zhou - 2002 - Cited by 1 - [Related articles](#)

recognize all possible candidates of segmentation ... A Chinese **character** is considered as a **node**, a **connection** between **characters** considered as an ...
portal.acm.org/ft_gateway.cfm?id=1118752&type=pdf

Character-Net: Character Network Analysis from Video Character-Net ...

by SB Park - [Related articles](#)

recognize the major **character** if she/he has greater **connectivity** to others and has a high ... **node** in the **Character-Net**. The major **character** can be ...
doi.ieeecomputersociety.org/10.1109/WI-IAT.2009.54

Introduction to Devices and Device nodes

Software **connectivity**. A device driver is required as the first step in connecting with a new ... **Character** devices are read from and written to with the functions: ... In order for the operating system to **recognize** the hardware device, ...
www.bga.org/~lessem/psyc5112/usail/peripherals/devices/ - [Cached](#)

Representing word context effect in Chinese character perception ...

by KW Gan - 1991 - Cited by 1 - [Related articles](#) - [All 3 versions](#)

recognize Chinese **characters** and we are able to achieve there is a **connection** between the output line of a **character node** and the input line of a word ...
www.springerlink.com/index/GR6X247834757866.pdf

Radical-Based HMM Modeling for Handwritten East Asian Characters ...

Hence, visible lines of a **character** can be represented by radical **nodes** and the HMM that includes radical **nodes** and **connection nodes**, splitting **character** ink state sequences to fit to HMM approach to **recognize** EA **characters**. ...
www.faqs.org/patents/app/20080219556 - [Cached](#)

CSM for AIX 5L and Linux V1.5 Administration Guide - Hardware control

This allows the software to **recognize node** additions and removals in the cluster so ... SysRq commands are generally single-**character** commands that direct [the kernel
Table 12. SP **Node** and p660 server rpower **connection** diagnostics ...
publib.boulder.ibm.com/infocenter/.../am7ad12008.html - [Cached](#) - [Similar](#)

Rotation-invariant Recognition Of Character Strings For Korean ...

by PK Rhee - 1995 - Cited by 3 - [Related articles](#) - [All 5 versions](#)

In addition, it extracts feature **nodes** and **connection** information between them during the scan. The ... **recognize** a rotated **character** string properly. For ...
ieeexplore.ieee.org/iel3/4755/13256/00602057.pdf?arnumber=602057

Graph matching using a direct classification of node attendance*1 ...

by F Deplero - 1996 - Cited by 34 - [Related articles](#) - [All 10 versions](#)

A **connectivity** signature has also been defined for a single **node**. dual histograms is not always a cer tain indication of DCA's ability to **recognize** objects. signature attains a suffi cient **character** to help distinguish **nodes**. ...
linkinghub.elsevier.com/retrieve/pii/0031320395001409

[PDF] Graph Matching Using a Direct Classi cation of **Node** Attendance 1 ...

File Format: PDF/Adobe Acrobat - [View as HTML](#)

by F DePiero - [Cited by 34](#) - [Related articles](#) - [All 10 versions](#)

local **character** of each **node**. The simulation tool developed to test DCA serves as a
node connectivity. This is an incremental process that improves the estimate is not
always a certain indication of DCA's ability to **recognize** ...
citeseerx.ist.psu.edu/viewdoc/download?doi=10.1.1.57.5904&rep...

Windows System Error Codes (exit codes)

22 The device does not **recognize** the command. 23 Data error (cyclic redundancy check) 1225 The remote system refused the network **connection**. 1226 The network **connection** was 5005 A cluster **node** is not available for this operation. 14033
Manifest Parse Error : A name contained an invalid **character**. ...
